

North River Communities

What are we doing?

In order to support the spiritual growth of the church, North River is transitioning from a single large church that always meets together to a church made up of local Communities.

This is in keeping with our North River vision statement.

We are a diverse family of believers who answered the call to be disciples of Jesus Christ. We are being transformed by God's Word, His Grace, and the Holy Spirit.

Through small groups and deep relationships with one another, we imitate Jesus' ministry and join in His mission to make and mature disciples while we care for the needs of people. We do this to save as many as possible for the glory of God.

And our church motto.

Love God. Love people. Change the world.

Communities

1. A "Community" is a group of Family Groups with a local focus. In many ways it acts like a small church, but it is not a separate church. (Please try to call them "Communities" instead of "Community Groups". It sounds less like church jargon.)
2. We have effectively had five Communities operating already: Intown, East, Deep South, North Campus, and South Campus.
3. We are adding six new Communities: Kennesaw, East Cobb, West Cobb, Central Marietta, North Marietta, and Marietta Square.
4. Each Community will have a leadership couple (most of whom are on staff) and a leadership team.
5. Each Community Leadership Team will make decisions about how to do 3 out of 4 midweek services each month (at 320 Austin Ave, by Community offsite, or by Family Groups), occasional Sunday services offsite, and additional Community events.
6. Each Community Leadership Team will provide training and support for each Family Group Leader to help every member mature spiritually, disciple each other, reach out to those outside the church, and care for the needs of people.
7. The Communities will intentionally be intergenerational (young, old, single, married) and diverse.
8. The renovated "Community Center" on the hill will be very valuable for all kinds of meetings and events that will be done in Communities. Centralized staff and facilities support the Communities.

Family Groups

1. A Family Group is a small group of members that helps each other grow spiritually through deep relationships with one another. They also meet regularly to share the Bible and reach out.
2. If you are in a Family Group, you can stay with that Family Group. Or your local Community leader can help you find a Family Group. Every member is encouraged to be a part of a Family Group.
3. Communities will give better support to the Family Groups. Communities make family groups more important and effective, not less.
4. If you want help getting involved with a Family Group in your Community, you will be able to do so during the midweeks in October.
